EQUIPMENT PRICES

		<u>Purchase Price</u>	<u>Monthly Maint.</u>	<u>Rental (1-year lease)*</u>
PACKAGED B 700 SYSTEMS				
B 706	Audit Entry System: includes B 705 0.5-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, and necessary I/O device controls	\$43,350	\$177	\$1,061
B 716	Audit Entry System: includes B 711 1-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, and necessary I/O device controls	48,575	187	1,241
B 707	Audit Entry System: includes B 705 0.5-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, 90-lpm line printer, one magnetic tape cassette subsystem, and necessary I/O device controls	66,065	309	1,820
B 717	Audit Entry System: includes B 711 1-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, 90-lpm line printer, one magnetic tape cassette subsystem, an Audit Entry Computer System, and necessary I/O device controls	71,090	319	2,000
B 708	Card System: includes B 705 0.5-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, 90-lpm line printer, 96-column card reader/punch/printer, 96-column off-line data recorder, and necessary I/O device controls	70,865	360	1,745
B 718	Card System: includes B 711 1-Mhz processor with 32 KB memory, 26" system console printer, 4.6 MB dual disk cartridge drive, 90-lpm line printer, 96-column card reader/punch/printer, 96-column off-line card data recorder, and necessary I/O device controls	76,090	370	1,925
PACKAGED B 770 COMMUNICATIONS SYSTEMS				
B 771	Basic System: includes B 711 1-Mhz processor, 16 KB memory, I/O base, console printer/keyboard control, console table, single line control	19,255	85	550
B 772	Basic System: includes B 711 1-Mhz processor, 16 KB memory, I/O base, console printer/keyboard control, console table, single line control, disk cartridge control	22,865	104	654
PROCESSORS AND MAIN STORAGE				
B 705	Processor with 16K bytes of core memory	15,425	70	420
Memory Options for B 705 Processor:				
B 11-32	32K bytes total memory	5,300	16	122
B 11-40	40K bytes total memory	9,000	24	180
-	Upgrade; B 705 to B 711	5,225	-	180
B 711	Processor with 16K bytes of core memory	20,650	80	600
Memory Options for B 711 Processor:				
B 11-32	32K bytes total memory	5,300	16	122
B 11-40	40K bytes total memory	9,000	24	180
B 11-48	48K bytes total memory	10,600	32	205
Memory Options for B 770 Processors:				
B 11-24	24,576 bytes total memory	3,200	8	92
B 11-32	32,768 bytes total memory	5,300	16	122
B 11-40	40,960 bytes total memory	9,000	24	180
B 11-48	49,152 bytes total memory	10,600	32	205
B 253	Single line control for TD 700 Inquiry Station	1,540	10	35
A 1306	I/OExpansion feature for 8 devices total, for upgrading a package	1,000	4	25
B 9343-1	15" Console printer and keyboard	5,500	21	143
B 9343-2	26" Console printer and keyboard	7,500	24	160
B 9344**	Console printer and keyboard	2,640	16.20	55

*Rental prices include equipment maintenance.
