

Super affordable, uniprocessor server for medium and small business applications

## IBM *@server* xSeries 205

The ultra-affordable IBM *@server*® xSeries® 205 delivers outstanding value and availability to small and medium-sized businesses. Advanced capabilities make the server easy to manage, which can help control IT expenses.

- *Optional RAID to provide increased performance and fault tolerance*
- *Five PCI slots to increase I/O bandwidth for improved performance and productivity*
- *Integrated Gigabit Ethernet for fast connectivity*

### Easy to afford

Affordable design elements let you configure the x205 to match your budget. An Intel® Celeron™ or Pentium® 4 processor with up to 533MHz front-side bus speed and redundant hot-swap hard disk drives provide affordable performance and data protection. The server comes standard as a mini-tower for simple deployment in small office environments.

### Easy to manage

Alert Standard Format firmware reports system status, even if the server has failed, while IBM Director software makes comprehensive systems management easy. The optional IBM Remote Supervisor Adapter monitors critical subsystems and is designed to increase system availability, with virtual control of the system around the clock. Together, these components help you control IT expenses by making the x205 simple to manage.

---

### Highlights

---

- ***Affordable, entry-level server for distributed environments***
- ***Flexible configurations to match your business needs and budget***
- ***Enabled for comprehensive systems management***

### Easy to customize

The x205 provides choices to match your business needs:

- *Choice of Celeron or Pentium 4 processors deliver a range of affordable performance*
- *Support for three fixed or hot-swap SCSI, or three fixed IDE hard disk drives to provide ample storage space*

## xSeries 205 at a glance

<b>Form Factor</b>	Tower, rack/4U
<b>Processor</b>	Intel® Pentium® 4 up to 3.06GHz/533MHz front-side bus
<b>Number of processors (std/max)</b>	1/1
<b>Cache (max)</b>	512KB L2
<b>Memory (std/max)</b>	128MB/2GB PC2100
<b>Expansion Slots</b>	5 PCI
<b>Disk bays (total/hot-swap)</b>	4 non-hot-swap SCSI, 3 hot-swap SCSI, 3 IDE
<b>Maximum internal storage</b>	360GB IDE, 587.2GB SCSI
<b>Network</b>	Integrated 10/100/1000 Ethernet
<b>Power supply (std/max)</b>	340W 1/1
<b>Hot-swap components</b>	Hard disk drives (select models)
<b>RAID support</b>	Optional
<b>Systems management</b>	IBM Director, Alert Standard Format, optional IBM Remote Supervisor Adapter, ServerGuide and optional Remote Deployment Manager
<b>Operating systems supported</b>	Microsoft® Windows® Server 2003 Standard Edition/Enterprise Edition, Windows 2000® Server/Advanced Server, Red Hat Linux, SUSE LINUX, Novell NetWare, Microsoft® Windows NT® 4.0
<b>Limited warranty<sup>2</sup></b>	1-year onsite limited warranty
