

IBM Monitors US Warranty Upgrades (IBM ServicePac for Warranty and Maintenance Options)

IBM ServicePac for Warranty and Maintenance Options

With IBM ServicePac for Warranty and Maintenance Options, you can upgrade the service included with your hardware's original warranty. Choose the right package with the service response time that's right for you, with coverage for parts and labor.

We provide a range of service levels based on your specific product type. Choose the level that best meets your service need. Service must be purchased during the original product warranty period, and your service term begins concurrent with the product warranty.

IBM ServicePac services are:

- Easy to use
- Affordable
- Available in convenient configurations

Service options meet your needs

To select the ServicePac that's right for you, from the table below simply...

1. Select the Machine Name, Type and Model Number that matches the system for which you'd like to upgrade the warranty service
2. Choose the Service Level* that meets your service needs
3. Contact your IBM Business Partner to place your order

Machine Name	Machine Type	Model Number	Service Description*	IBM Part Number - Electronic	Estimated Retail Price	Base Warranty

this list is current as of 12/01/99

***Service Levels**

24 x 7 x 4 hour

A service technician is scheduled to arrive at your location within 4 hours after problem determination is completed. Service is provided around the clock every day, including IBM holidays.

9 x 5/Next Business Day

A service technician is scheduled to arrive at your location on the business day after we receive your call. Service hours are 8 a.m. to 5 p.m. local time, Monday through Friday, excluding IBM holidays.

Note: Monitors receive onsite exchange

Limitations of service

These services are available for machines used solely for business, professional, or trade purposes and not for machines used for personal, family or household purposes. Service is not provided in homes or home offices. Not all machine types and models are covered. Service period begins with the equipment date of purchase. Service must be purchased during the original limited product warranty period. Service levels are response time objectives and are not guarantees. Onsite service for mobile products and 24x7x2 hour service for servers is not available in all locations. Service activation is required immediately following purchase. Visit <http://www.ibm.com/services/pss/us/source/wamomxeu.pdf> for complete details.

For ThinkPads requiring LCD or other component replacement, IBM may choose to perform service at the depot repair center. For failing non-IBM components, customer must provide replacement part unless IBM has a Technical Support Agreement with the manufacturer. Service does not cover accessories, supply items and certain parts such as batteries, frames and covers. If the failing part is a non-IBM component, you'll provide the part and IBM will provide the labor to replace it.
